Hello,

Thank you so much for taking the time to read this letter and consider the exciting opportunity ahead.

My name is **Beth Sharp**, and I am one of the founding members of **Cornerstone Collaborative Education (CCE)**. Two years ago, the Lord placed a vision on my heart—a vision for a different kind of educational experience. One that combines the flexibility and personalized attention of a homeschool co-op with the consistency and structure of full-time education.

In today's world, many parents are finding that traditional public schools no longer meet the needs of their children. At the same time, homeschooling or private education can often be out of reach financially or practically. **CCE offers a unique solution:** a full-time educational facility built on a homeschool-style model, providing students with the structure they need and the flexibility families long for.

We are launching **K–12 education**:

- **K–5th grade** will feature a traditional classroom setup with passionate, qualified teachers.
- **Middle and High School** students will participate in high-quality online instruction through **SCOLA**, a program that also allows them to take part in public school sports, clubs, dances, and other extracurriculars.

This innovative partnership is the first of its kind in our area, and we believe it will be a **game-changer** for families in **Georgetown**, where the need for alternative education is urgent.

But we're not stopping there! CCE will also reintroduce **life skills education**, offering classes in:

Automotive | Financial Management/Budgeting | Cooking | Social/emotional growth
...and much more.

We've heard from so many families that kids are graduating without basic life skills—and we're ready to fill that gap. We've already had **numerous volunteers** step up to help us build this program.

We also plan to offer **co-op opportunities** for homeschool students needing extra support in certain subjects, creating a true **community of collaboration**.

We believe in keeping tuition **accessible**, with tuition covering teacher pay. However, as a startup school, we still have **many critical needs**—desks, whiteboards, tables, chairs, classroom supplies, and more.

We've already made great strides in just one month:

- Started the approval process to receive our **501(c)(3)** nonprofit status
- Built a **full board**
- Launched a **website and fundraising platform**
- Begun drafting our **bylaws and handbooks**

And now, **we need your help.**

Ways You Can Get Involved:

1. **Classroom Sponsor** – A one-time donation that helps outfit and supply one of our classrooms.
 2. **Monthly Sponsor** – A 12-month commitment to give a set amount each month toward ongoing school needs.
 3. **Prayer Sponsor** – A 12 month commitment to adamantly pray for our staff, students, finances, and building, while continuing to follow God's mission and purpose
 4. **Scholarship Sponsor** – Help fund a student who otherwise would not be able to attend due to financial constraints.
 5. **Partner Church** – Viewing CCE as part of their mission work and committing to give monthly accordingly. We also invite pastors—lead, associate, youth, worship, kids, etc.—to serve on-site throughout the year as spiritual advisors and support.
 6. **Partner Church: Congregation** - This envelope fundraiser is a great way to get your congregation involved in helping support CCE! We will provide all the envelopes and details for this option.
- All sponsors will be listed on our webpage and will receive a tax deductible receipt once our 501(c)(3) is returned.

Attached are our sponsorship options for your review. Your support—whether through prayer, giving, or spreading the word—means the world to us. Together, we can build something truly life-changing for the next generation.

Thank you again for considering this opportunity. We look forward to partnering with you to **build a better future** for our children!

With gratitude,

Beth Sharp
